

## What is myON?

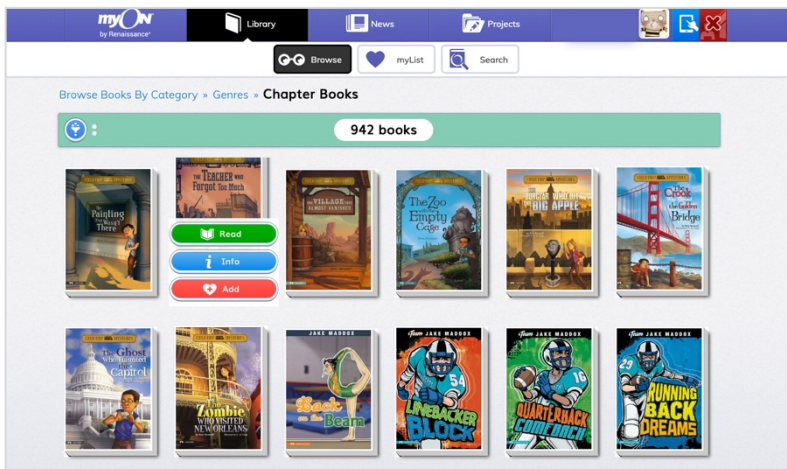

myON is a digital reading application that enables students to read anytime and anywhere, 24/7, including weekends, holidays, school breaks, and summer vacation.

This handout provides information about reading books and articles that are available through the special, shared account that has been set up for students who are not already reading on their own personalized myON accounts.

## Getting started

Students receive login instructions from their school, district, or community.

Once they log in, they can read books within the myON digital library and daily news articles from myON News.

## Digital library

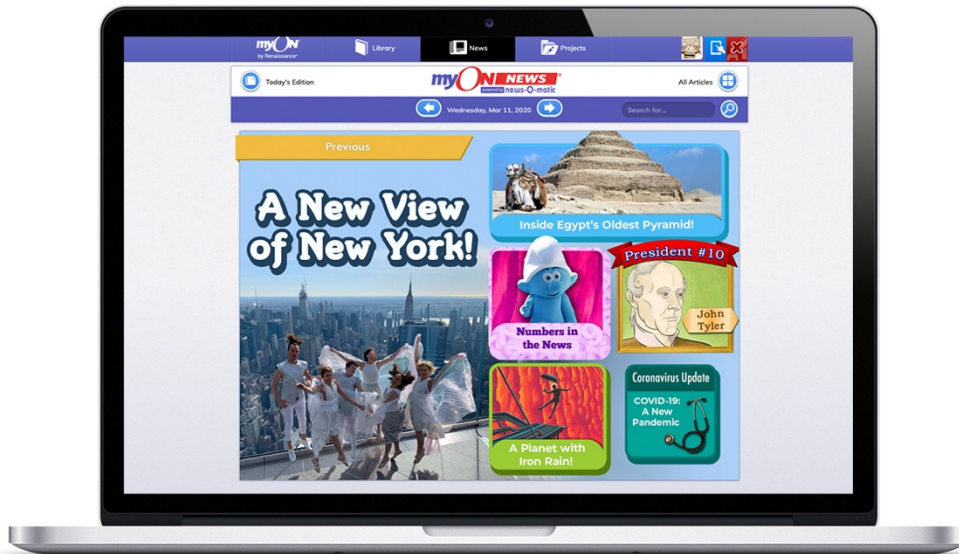

Students can browse or search the myON digital library to find books on a variety of topics and themes.

They can:

- Read books online on any web-enabled device that is connected to the Internet
- Read books offline with free mobile apps
- Read the same book as many times as they want to read it
- Use optional reading supports including audio, text highlighting, and an embedded dictionary

*Books are available in English and Spanish.*

# RENAISSANCE myON News

## News articles

Students can access myON News to read about current events and other timely topics.

They can:

- Choose from five daily, age-appropriate news articles written just for them and reviewed by a child psychologist
- Access optional audio and multimedia resources connected to each article, including maps, slideshows, videos, and information about the writer
- Extend their knowledge of news topics by reading recommended books from the myON digital library
- Take a brief quiz at the end of the article and get instant feedback on their answers

*Articles are available in English, French, and Spanish.*
